

DuPont Friday Letter

March 6, 2015

Happy Spring...

Ted Danek (253) 912-5215 tdanek@dupontwa.gov

Spring is just around the corner, although, with the moss outbreak and plants coming out, it's pretty much already here.

City News

- Councilman Mike Courts is exploring public transit with Pierce Transit Benefit Area to see if establishing service is possible, feasible, or even desired by residents. Follow the progress on the website and at Council meetings. We need your thoughts!

- Solid waste service will most likely be changing over to automated wheeled carts later this year. No more dragging the trash cans out or having them tip over or blow down the street! Check out the details at the March 24 Council meeting.

- Mayor Grayum is working on getting another glass and cardboard recycling bin for DuPont. They will most likely end up at City Hall. With the bins in Historic Village, that will make two convenient locations where you drop recyclables.

- The City recently installed barricades across the easement next to Creekside Apartments (aka Powerline Rd. even though it is not a road) to help cut down on illegal dumping and other things people do at the end of a dark road when they think no one is watching. But we are, by the way.

- With the opening of the new Integrity Gate this week, we are monitoring traffic to see if, or how traffic changes, especially along DuPont-Steilacoom Rd.

- Land use permits are now being handled through a contractor and we are close to partnering with the City of Lacey. This doesn't affect things like home renovations or projects, so use our website or visit City Hall for any permits you may need.

-Don't forget to sign up for the Shamrock on Mar 14.

- Seattle Mariner single-game tickets go on sale tomorrow morning at 10:00 a.m. Not real city-specific, but hey, the Mariners are tied for first place!
